

Job Description

Job Title: Project Manager

Location: Mangalore

Overview:

We are looking for a strong, confident, and result-oriented Project Manager to lead and drive project execution across teams. The ideal candidate should possess excellent leadership skills, a disciplined approach, and the ability to manage, monitor, and motivate teams to achieve organizational goals. This role requires a proactive individual who can ensure smooth project delivery while maintaining high standards of performance and accountability.

Key Responsibilities:

- Lead, manage, and monitor project teams to ensure timely delivery of goals and milestones
- Plan, execute, and oversee project activities from initiation to completion
- Coordinate with cross-functional teams to align project objectives with business goals
- Track project performance, identify risks, and implement mitigation strategies
- Ensure quality standards are maintained across all deliverables
- Act as the primary point of contact for stakeholders and internal teams
- Conduct regular team meetings, performance reviews, and progress updates
- Maintain project documentation, reports, and timelines
- Drive team productivity, discipline, and accountability

Required Skills & Qualifications:

- 3–5 years of experience in project management, preferably in IT or software environments
- Strong leadership and team management skills
- Basic technical knowledge and understanding of software processes
- Excellent communication and stakeholder management skills
- Strong problem-solving and decision-making abilities
- High level of discipline, ownership, and accountability
- Ability to work in a fast-paced environment

Key Competencies:

- Leadership & Team Management
- Communication & Coordination
- Strategic Thinking
- Time Management
- Attention to Detail

What We Offer:

- Dynamic and collaborative work environment
- Opportunities for professional growth and development
- Exposure to diverse and challenging projects
